

## **BRS AUSTRALASIA ASIA PACIFIC**

*(Your true alternative to Validation—Inspection—Certification)*

We help client-organizations succeed through impartiality and proficiency in Validation, Inspection and Certification to a Noble and Honorable Purpose

## Delivering Results

As a California U.S.A. based third party accredited services provider through Australasia—Asia Pacific (Oceania) for the purpose to protect communities and consumers. Our vision is focus on continuing to provide a better option to client-organizations; as we consistently strive to add-value to client-organizations. BRS Certifications Australasia-Asia Pacific is a highly proficient exclusive assessment teams reaching through the ASEAN | OCEANIA. Our team includes exclusive assessors experienced in the areas of quality goods and services, environment, food safety, medical, health, occupational safety & health, security and social responsibility. Our assessors are qualified through competence onto to proficiency.

In meeting accreditation requirements our operating management system adheres to current ISO/IEC 17020, ISO/IEC 17021 and extends to ISO/TS 22003 and ISO/IEC 27006, and ISO/IEC 17065. Through the application of these management practices and methods we assess and certify:

- Quality Management Systems, including ISO 9001,
- Quality Medical Devices Quality Management System for Regulatory Purpose, including QSR and ISO 13485,
- Environmental Management Systems, including ISO 14001,
- Information Security Management Systems, including ISO/IEC 27001,
- Business Continuity Management Systems, including ISO/IEC 22301,
- Food Safety Management Systems, that includes ISO 22000, HACCP MS, HACCP—Preventive Controls HARPC MS,
- Quality Healthcare System, QHCS
- Occupational Safety & Health Management Systems, including ISO 45001,
- Social Responsibility & Accountability based Guideline ISO 26000,

Each of our certification programs are on adherence to law, regulations and contractual agreement exercising due-care to a dignify legally chartered purpose.

If you organization is require to specifically acquire third party attestation from a specific source, BRS may not be your choice. As the choice has been already preselected for your organization. However, if you organization operates as free-market enterprise with free-will then BRS may be your better alternative.

## Instigating Change

### Inspiring Change...

We often *revitalize-revamp* our operations by updates, enhancements in helping with operational optimization and at times by revamping our global system of operations. Client-organizations selects us because of our ability to innovate and create value world class best practices for certification, we carry an outstanding 99.7% client retention rates. To this effect we keep at the vanguard of our working activities by adherence to laws and regulations while innovating and revamping our practices and methods while adhering to international conventions.

### Revitalizing Business...

Our worldwide network provides expertise basis such that client-organizations benefit from across the Globe applying a *Knowledge Bubbles approach*. What are some examples; infrastructures, metallurgy and construction is enhanced by South America and Euro Asia regions collaborating, food safety is enhanced by the collaboration of the “knowledge bubble” encompassing North America, Australasia Asia Pacific, North Africa, Middle East, Europe... as our expertise comes from around the world.

Further, we assess law enforcement departments and health care programs as a basis of an independent and impartial value-adding source.

### Adding-Value-Assessments...

AVA, registered with BRS logo and trademark, provides a concept and innovative approach to enhance business performance without infringing into conflict of interest and not limited by constrains of “conformity”. It is not mere set of words but a whole different approach in conducting assessment—audits backed by a complete management system in fulfilling our obligations a competent and impartial certification body with a consumer-centric legally binding purpose.

### Our Exclusive Assessors...

...are BRS and are hired and qualified to benefit client-organizations to the purpose for which we bear accreditation in ways to exercise due-care for the protection of communities and consumers. This in turn protect customers and your organization’s brand. To this effect, BRS personnel exclusively care in ways that contribute to the sustain or gain success for client-organizations.
